PROFESSIONAL SUMMARY

Computer Science Engineering graduate with hands-on experience building full-stack and AI-powered applications using Python, Flask, React, JavaScript, and PostgreSQL. Strong foundation in DSA, OOP, REST APIs.

EDUCATION

B.Tech in Computer Science and Engineering
CMR University, Bengaluru, CGPA : 7.2 2022 - 2026

TECHNICAL SKILLS

Languages: Python, Java, SQL, JavaScript, TypeScript
Frontend: HTML, CSS, React
Backend: Flask, REST APIs, Node.js, Express.js
Database: PostgreSQL, SQLite
Tools: Git, GitHub, Linux, VS Code
Core Concepts: DSA, OOP, Authentication, CRUD, API Integration

PROJECTS

AI-Powered Travel Planner
(React • TypeScript • Flask • REST APIs • AI Integration)

- Built an AI-powered travel planning platform that generates personalized travel itineraries based on user preferences, destination, and budget.
- Developed a responsive React frontend and Flask backend with RESTful APIs to handle itinerary generation and application logic.
- Integrated AI services to provide dynamic travel recommendations and Used PostgreSQL for persistent storage of user and trip data.

Habit Tracker Web Application
(Python • Flask • PostgreSQL • HTML • CSS • JavaScript)

- Built a full-stack habit tracking application with user authentication and personalized habit management.
- Implemented CRUD operations, habit streak tracking, and dashboard functionality to help users monitor their progress.
- Developed a responsive web interface with PostgreSQL for persistent storage of user and habit data.

Deepfake Generation and Detection in Medical Images
(Python • Deep Learning • ResNet-18 • GANs)

- Developed a deep-learning-based system for detecting manipulated and deepfake images/videos.
- Applied image preprocessing and feature extraction techniques to prepare data for model training and evaluation.
- Implemented and evaluated a ResNet-18-based classification approach for distinguishing authentic and manipulated media.
- Investigated GAN-based techniques and analyzed model performance during experimentation.

SOFT SKILLS

- Problem Solving
- Adaptability
- Communication
- Team Collaboration
